

A New Era in Power Connection Reliability!

The new family of PDUs (Power Distribution Units) from President has been carefully engineered to strengthen the last link of the chain that feeds power to your precious computer systems and network infrastructure.

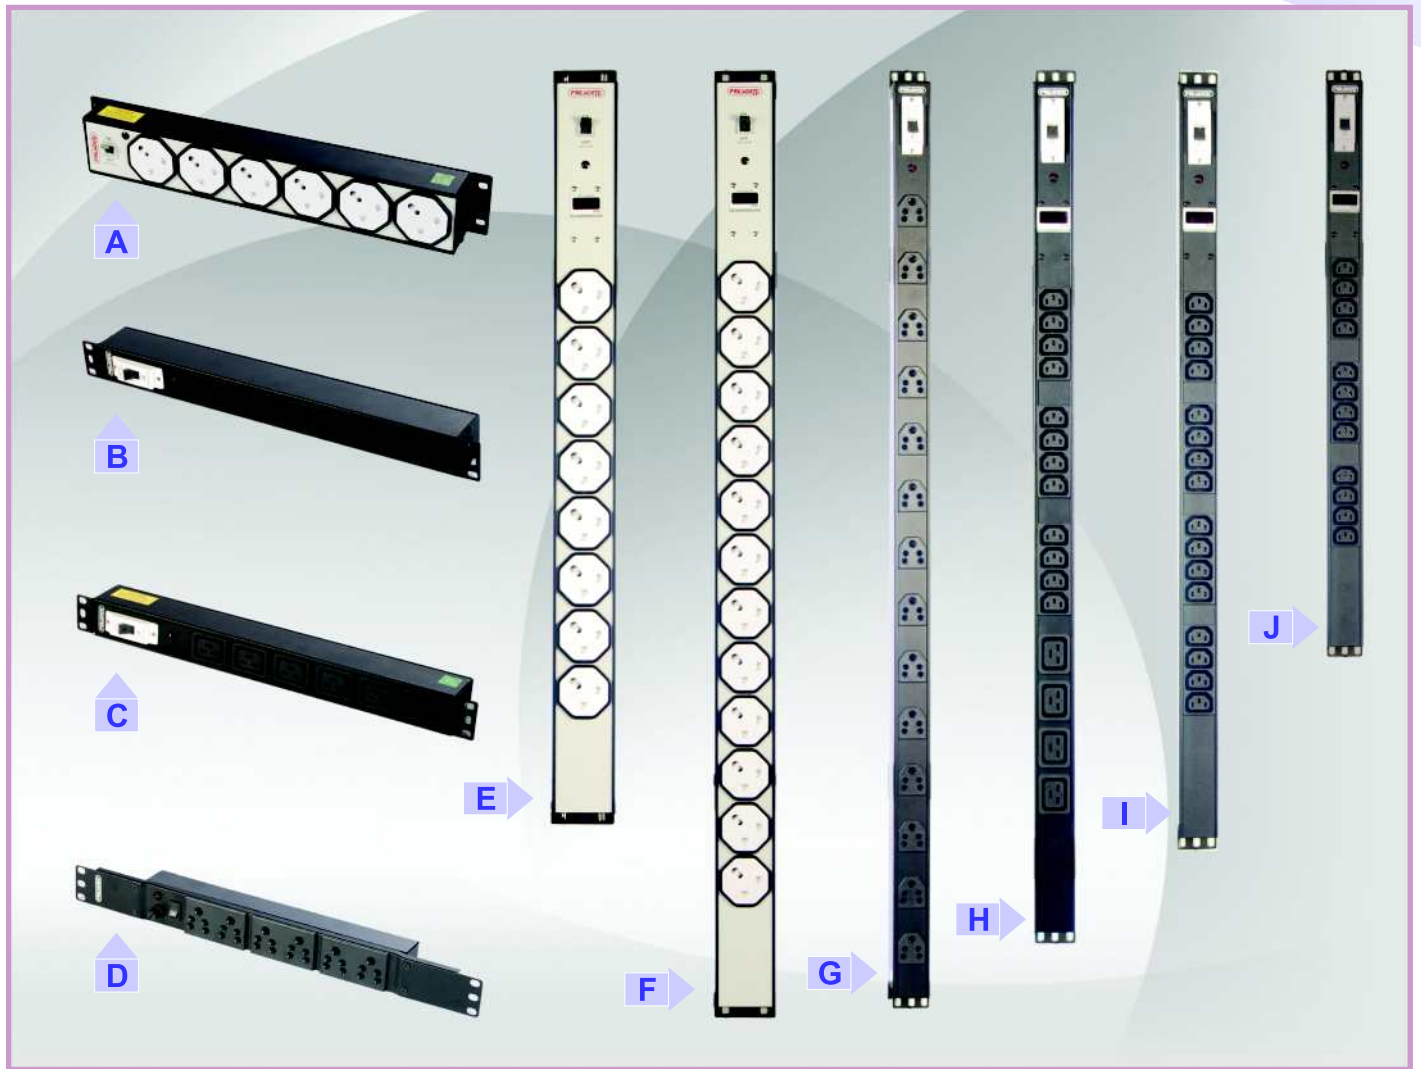

President PDUs are especially designed for IT and Networking applications and are compatible with multi-vendor equipment. President also provides customized solutions based on the application needs of the installation. The attention to detail, together with the production and testing facilities under which President PDUs are manufactured, ensures that this vital link in your IT set-up is just as strong as the other elements.

Features and Benefits

- **Easy routing of Power Cords:** The Octagonal sockets are fixed at 45 degrees so that power cords do not interfere with adjoining PDUs
- **Easy Installation:** Horizontal PDUs are suitable for 19-inch mounting. Vertical PDUs mount at the rear of the cabinets and do not occupy valuable rack height
- **Increased MTBF:** Professional quality wire dressing, use of crimped contacts and cable harnesses ensure high reliability connections so as to minimize the risk of server crashes
- **Overload Protection:** MCBs used are the best available and are 100 percent tested for performance characteristics. A special cap is provided to guard against accidental tripping
- **Energy Management:** The optional Digital Ammeter enables monitoring and management of optimal power distribution between racks
- **Smart Looks:** The light-weight extruded Aluminum casing combines rigidity with aesthetic looks

PDU Range from President:

| Symbol | Mounting Style | Order Code | Description |
|--------|----------------|------------|-------------------------------------------------|
| A | 19" Horizontal | PI-1060-HO | Octagonal Socket 6 x 5/15 Amp with 16 Amp MCB |
| B | 19" Horizontal | PI-2100-HO | IEC C13, 10 x 10 Amp with 16 Amp MCB |
| C | 19" Horizontal | PI-3062-HO | IEC C19, 6 x 16 Amp with 20 Amp MCB |
| D | 19" Horizontal | PI-5060-HO | Wall mount , 6 x 5 Amp with 5 Amp Fuse |
| E | Vertical | PI-1060-XY | Octagonal Socket 8 x 5/15 Amp with 16 Amp MCB |
| F | Vertical | PI-1121-XY | Octagonal Socket 12 x 5/15 Amp with 32 Amp MCB |
| G | Vertical | PI-5140-00 | PDU Vertical, 14 x 5 Amp, with 16 Amp MCB |
| H | Vertical | PI-C161-XY | IEC C13 12x10 Amp, C19 4x16 Amp with 32 Amp MCB |
| I | Vertical | PI-2161-XY | IEC C13 16 x 10 Amp 32 Amp with MCB |
| J | Vertical | PI-2120-XY | IEC C13 12 x 10 Amp 16 Amp with MCB |

X=L, for Left Fitting
X=R, for Right Fitting

Y=0, without Ammeter
Y=1, with Ammeter

Best-in-class Solutions for Networking, Telecom, Industrial and General Electronics
