ACCESSORIES

APW President offers a wide range of accessories for networking cabinets. These accessories enable the system integrator to position and connect different equipment in a professional manner, in step with current worldwide practices. Use of correct accessories is crucial for the safety of the equipment, increasing reliability, reducing the time to integrate, and also for simplifying field maintenance of complex electronic equipment. Please consult the Accessory Selection chart to determine the correct choice of the accessory compatible with the product group.

SHELVES AND TRAYS

Stationary Shelf

Stationary Shelves **CX** **CY**

Stationary shelves are useful for placing equipment that are not 19" wide into 19" cabinets. These shelves are fixed directly to the 19" vertical angles. They are provided with ventilation slots for easy air circulation. Load capacity is 50 kgs for normal stationary shelves.

Ordering Information

For Cyberack	
Shelf, Stationary 400mm D / 600W	86-1650
For Cyberack and Cyberack Dlx	
Shelf, Stationary 475mm D / 600W	86-1632
Shelf, Stationary 575mm D / 600W	86-1634
Shelf, Stationary 725mm D / 600W	86-1639

Sliding Shelf

Sliding Shelves **CX** **CY**

Sliding shelves are provided with telescopic slides for 19" mounting. These are useful when equipment placed on the shelves is to be drawn out for easy accessibility during servicing. Load capacity is 35 kgs for 1U shelves and 100 kgs for the 2U shelves.

Ordering Information

Tray, ASM, MS 1U 19" + 18" Slides	86-1635*
Tray ASM, MS 1U 19" + 14" Slides	86-1655
Tray MS 2U, 19" W / 800D, MS Sid	86-1786

Universal Shelf

Rotary Keyboard Tray CX CY

The rotary keyboard tray is ideal for 19" cabinets. This tray ensures that the keyboard can be easily drawn out and used, even when it is wider than the entry into the rack. There is also enough room for a mouse to be placed on the tray.

Ordering Information

KB Tray, Rotary, 19"/ 600D + Slides	86-1771*
KB Tray, Rotary, 19"/ 800D + Slides	86-1772
KB Tray, Rotary, 19"/ 1000D + Slides	86-1885
KB Tray, Steel for 800W + Slides	86-1840

* For Cyberacks of 600mmD please specify 86-1888 instead of 86-1771

Rotary Keyboard Tray

Dual Server Tray CX CY

These sliding trays are used to place two tower servers next to each other in a 19" cabinet. Each individual server can be drawn out for servicing without disturbing the other.
